

Chairman's Message:

The Mission Statement of VIMS proclaims that it is designed to become a frontier B-School in the country. The activities and programmes suggest that it is moving towards that goal.

I congratulate everyone who is involved in this great task.

S. Periasamy, Managing Director,
Zawawi Powertech LLC. Muscat, Sultanate of OMAN.

Secretary's Message:

Dear Friends,

It is heartening to know that the activity spectrum of VIMS is expanding. **VIMS – The Corporate Way** has been the tag line of VIMS and events and activities have been designed to give maximum corporate exposure to students besides academic progress. Students are encouraged to participate in the inter-collegiate events and they have won laurels. Internships have been successfully arranged in leading corporates. All these reflect the team work and consistent effort by the faculty and students. Any transformation is not an one shot affair,

rather it happens day by day. The Newsletter demonstrates the transformation process at VIMS.

Dr.V.Kulandaiswamy, Secretary, VIMS.

Director's Message: Individual commitment to a group effort--that is what makes a team work, a company work, a society work, a civilization work." -- *Vince Lombardi*

So, Teamwork involves a set of tasks and activities performed by individuals who work together with each other to achieve a common goal. That goal can be creating new ideas, executing that idea and getting new results. Teamwork differs from individual work in that it involves shared responsibility for a final output.

Let me take the opportunity through this newsletter, to thank all our faculty members, students, friends and industry people who supported us. I look forward for your suggestions and future contributions to make this newsletter a harmony. Wish you all the best.

Dr.A.Valarmathi, Director, VIMS
